Remarks

Claims 1-14 were pending. By way of this amendment, claims 1-14 have been cancelled without prejudice, and claims 15-29 have been added. Support for the new claims may be found in the specification as originally filed, and care has been taken to avoid adding new matter. In addition, page 5 of the specification has been amended to correct the valencies of the two carbon atoms in the moiety "-S(O)₂-N-C-C-phenol" illustrated in Formula B.

Applicant requests early and favorable action in the above-identified application.
